Subject: Scholarship for study in India during academic year 2009-2010

Dear Sir,

As in previous years, the Government of India is pleased to announce scholarships to Indonesian students/researchers for pursuing higher studies at the Under-Graduate, Post-Graduate and doctoral levels in India. The scholarships are being offered through the General Cultural Scholarship Scheme (GCSS) administered by Indian Council for Cultural Relations (ICCR), New Delhi for the academic year 2009-2010. A set of application form along with a brief note on guidelines to the applicants, is enclosed. Photocopies of the forms can be made to distribute among all applicants.

2. Under the GCSS, courses in the fields of arts, architecture, literature, commerce and science; degree courses in engineering, pharmacy and agriculture; and doctoral and post-doctoral courses in various disciplines can be pursued. A list of Universities and Institutions students can choose from is enclosed along with the application form. Government of India will provide living allowance, contingent grant, accommodation charges, tuition fee and other benefits, including medical and study tour to the students selected for scholarships. However, the cost of air passage to India and back for all students and expenses on laboratory chemicals and related incidentals for science stream students would have to be borne by them or their sponsor.

3. The students seeking admission to M.Phil, Ph.D and higher studies will require Research Visas. The research students must submit their applications in Annexure II (copy enclosed) in six sets along with a synopsis of their subject. Candidates applying for pursuing courses in Performing Arts are, in addition, required to submit an audio/video recording of their performances, along with their applications and documents. Applicants for all other courses must submit six copies of their applications with copies of supporting documents.

4. As the medium of instruction of the courses will be in the English language, it is important that all students are proficient in the use of the language. Therefore, applications from only those candidates who have a good command over spoken and written English may be forwarded. To further assess their English language skills, the Embassy will conduct an English language test on **Friday, 6th February, 2009** for those who have been short listed from among all applicants after initial scrutiny of their documents.

5. The application forms may be filled up as per the guidelines enclosed and forwarded to the Embassy of India, Jl. H.R. Rasuna Said, Kav. S-1, Jakarta - 12950 **latest by Tuesday, January 27, 2009.**

6. I shall be grateful if you could kindly bring this information to the notice of interested students/research community in your organization/university. For further clarification and help, the undersigned may please be contacted.

With best regards,

Yours sincerely,

(A.S. Takhi)
